# DOS GRANTS INFORMATION

The new DOS grants system can be accessed at <https://dosgrants.com/>. This will be the single interface used to register for an account, associate with an organization, apply for a grant and manage any funded grant from our Division and other divisions.

**Creating an account** On the DOS Grants main page, click on the “Register” link in the top right corner, enter name and email address. The system will send an automatic email asking for confirmation (please check spam or clutter folders). The user may also use the “Re-Send Confirmation Email” button, if needed. The email will prompt the user to click on the “Activate Account” to activate the account and set a password.

**Joining an organization** Under the “Organization” tab, select “Request to Join Organization” and search for your organization. We recommend searching by the Federal Employer Identification Number. ## MOUND HOUSE – INTERPRETIVE PANELS

### CALUSA CULTURE RELIGION

The Calusa worshipped three main deities and revered their leader - Calusa - because they believed he possessed secret religious knowledge.

#### RELIGIOUS BELIEFS & PRACTICES

**Religious Beliefs**  
The most powerful of the three main deities governed water and storm activity, and ensuring the second governed human affairs, and the third helped to raise water.

The Calusa also believed that humans had three souls. Upon death, the soul that lived in the part of the body shared with the body. The other two souls (left hand in early drawings and now a red-tinted left hand) were said to be in a body, with one of them entering the body of a relative, and the other a soul, such as a fish.

**The Calusa**  
While water had no gender, there was a person holding water, giving responsibility, and authority over the child, at Calusa. The Calusa believed in the importance of sharing knowledge and secrets, and that the possessed secret religious knowledge was passed to young generations.

**Calusa Masks**  
The Calusa used masks made of wood, shell, and animal skins. They were used in religious ceremonies and to scare away evil spirits. The masks were often made of wood and animal skins, and were used in religious ceremonies.

### NATURE'S TOOLBOX

The coastal home of the Calusa was a mix of plants and animals - many of which were essential to the survival of the native culture. Shellfish including oysters, and clams lived in the ebb and flow of the tides about the shore. On land, deer and other mammals, birds and plants were abundant. The Calusa used parts of plants and animals to make tools.

#### CALUSA TOOLS

A variety of materials were used to make tools for fishing, shell, animal bones, water, animal heads, wood, shell, and plant fibers. The tools they made were used for hunting, fishing, cooking, building shelters, and making things. The Calusa also used wood, animal skins, and shells to make tools.

# PAYMENT REQUEST PROCESSING

## WHAT HAPPENS AFTER THE SUBMISSION OF PAYMENT REQUEST?

- Your grants manager will verify that your progress report is in compliance with all reporting and other requirements specified in your Grant Award Agreement.
- All deliverables, as outlined and agreed upon in your grant agreement, must be reviewed and approved by the Division of Historical Resources before funds can be released.
- Once reviewed and approved, the Grants Program submits an invoice for payment to the Department's Accounting section for processing. Approved payments are then sent to the Department of Financial Services.
- The payment process may take as long as two to four weeks.

# **PAYMENT WILL BE STOPPED IF:**

- There are missing required progress reports or these have not been approved
- If evidence for deliverables completion has not been submitted or has not been approved
- If the work completed does not conform to the scope of work specified in the Grant Award Agreement
- If work on a development project does not comply with the Secretary of Interior Standards or appropriate industry standards
- If information requested by the Grants Program has not been submitted or Grantee has incorrectly submitted payment information

**NOTE: If a Grantee has grants with multiple divisions of the Department of State, noncompliance with grant procedure will halt payments from those other grants.**

# PAYMENT RECEIPT AND TRACKING

## HOW ARE GRANT FUNDS PROVIDED?

- Grantees have the option to set up direct deposit from the Department of Financial Services website:  
[www.myfloridacfo.com/aadir/direct\\_deposit\\_web/Vendors.htm](http://www.myfloridacfo.com/aadir/direct_deposit_web/Vendors.htm)
- If direct deposit is not set a physical check to the address on file for Grantees.

## HOW TO CHECK ON PAYMENT'S STATUS?

- Grantees can check the status of your payment with the Department of Financial Services by accessing FLAIR:  
<http://flair.dbf.state.fl.us/dispub2/cvnhphst.htm>
- Use your FEID number to search for payment's status.

# **NONCOMPLIANCE POLICY**

# NONCOMPLIANCE POLICY

The Department of State has an official department-wide grant **noncompliance** policy.

The goal of this policy is to make sure all grant funds are spent properly and all grant project objectives are met.

Monthly evaluations are conducted by the Grants Program to identify organizations in noncompliance.

To ensure the project is not identified as noncompliant, the Grantee must adhere to the stipulations, restrictions, and deadlines specified in the project's Grant Award Agreement along with other Division requirements.

**\*Setting up a timeline or calendar with important dates and deadlines is crucial for time management**

## HOW DOES A PROJECT BECOME NONCOMPLIANT?

- Progress Reports late and/or incomplete
- Not meeting agreement deadlines regarding encumbrance
- If applicable, not submitting draft contracts for review
- Not submitting grant products (draft or final) by deadline
- Expending grant funds or match on items not agreed upon in the grant agreement
- Conducting project work in violation of the **Secretary of the Interior's Standards** and/or **FAC 1A-46** for Archaeological Survey Projects
- Failure to correct grant products and/or construction documents as notified/requested by the Grants Program

# WHAT ARE NONCOMPLIANCE CONSEQUENCES?

- Grantee placement on official Department of State Noncompliance List
- Immediate grant payment suspension for **all** grants from any Division within the Department of State
- Escalated penalties for failing to correct violations, including
  - Return of grant award (a portion of or entire amount)
  - Prohibited from applying for additional grants with the Division of Historical Resources or other Divisions within the Department of State
  - Grant cancellation

# AMENDMENTS AND EXTENSIONS

# AMENDMENT REQUESTS

- Either the Grantee or the Division may request modification of the provisions of this agreement, including scope of work, budget, and extension of project completion date
- These changes must be mutually agreed upon and will **only be valid when an amendment form is completed and executed**
- If changes are implemented without the Division's written approval, the organization is subject to noncompliance, and the grant award is subject to partial reduction or complete refund to the State of Florida and termination of this agreement

# EXTENSIONS TO PROJECT

## COMPLETION DATE

- The only way to extend an agreement is by the execution of an amendment form extending the project's completion date, requested at minimum 30 days prior to the end date of the agreement
- To be valid, this needs to be fully executed by both the Organization and the Division
- No work will be paid for if completed after the project completion date and no amendments can be signed after that date has passed
