TITLE: SPLASH 2024- Making Florida's Unique Submerged Precontact Heritage Visible Through Outreach and Education

APPLICANT ORGANIZATION: Archaeological Research Cooperative, Inc.

PROJECT LOCATION: Leon County

HISTORICAL SIGNIFICANCE

Historical designation indicated includes:

- No Historical Designation

DEMONSTRATED NEED

Demonstrated needs indicated include:

- Lack of public awareness of Florida's archaeological resources

FUNDING:

Requested Amount: \$50,000.00

Match Amount: \$0.00

Total Budget Amount: \$50,000.00

REDI

PROJECT TYPE: Heritage Education Project

PROJECT SCOPE:

- Create a documentary
- Produce educational materials
- Create two open access journal articles

CONCERNS / ISSUES:

Program Guidelines indicate that to qualify for the REDI waiver, the project must take place in a REDI community. Only part of the applicant's proposed scope of work will take place in REDI communities; the documentary. The journal articles and educational materials will be created by individuals located in non-REDI locations. Since the work of these projects does not take place in a REDI community, they do not meet the qualifications for the REDI waiver. As a result these items should be removed from the scope of work and budget.

Additionally, the proposed journal articles would only be submitted for publication during the grant period, not published, so there is no guarantee the articles would be published and made available to the public after the organization has received payment.

PROFESSIONAL SERVICES ASSESSMENT:

Professional archaeological, documentary, and educational services are required and were included in the project scope of work and budget.

STANDARDS COMPLIANCE:

Educational materials shall adhere to the State of Florida Education Standards.

SCOPE ASSESSMENT:

Adjust Scope of Work as follows:

- Remove educational materials
- Remove journal articles

BUDGET ASSESSMENT:

Adjust Budget as follows:

- Remove educational materials (\$5,000)
- Remove journal articles (\$12,500)
- Reduce Grant Administration to \$1,578 so that the total allowable administration will not exceed 5% of the modified request (\$31,578)
- Total recommended reduction: \$18,422

PROJECT TYPE: Survey Project

PROJECT SCOPE:

- Historic resources survey
- Preparation of 120 FMSF forms
- National Register Nomination (non-allowable)

CONCERNS / ISSUES:

The amount of grant funds requested for the survey (\$39,000) is disproportionate to the number of resources to be surveyed (120).

Project includes a National Register Nomination which is a non-allowable expense for this project type.

PROFESSIONAL SERVICES ASSESSMENT:

Professional historic survey services are required and were included in the project scope of work and budget.

STANDARDS COMPLIANCE:

The survey report shall conform to Chapter 1A-46, Florida Administrative Code.

SCOPE ASSESSMENT:

Adjust Scope of Work as follows:

- Remove National Register related tasks from scope of work as they are non-allowable costs for this project type

BUDGET ASSESSMENT:

Adjust Budget as follows, removing non-allowable expense as presented in the application:

- National Register Nomination form - \$10,000

Division staff recommendation is to reduce grant funds amount to \$39,000
